

Learn to Earn™

Agility Federal supports continued learning through tuition reimbursement.

Agility Federal supports the efforts of all full time employees to improve their skills and continue their education through the Learn to Earn™ tuition reimbursement program.

Agility Federal full time employees are eligible for the Learn to Earn™ tuition reimbursement program which supports employee education and development by reimbursing employees for tuition and textbook expenses incurred in pursuit of an approved degree and upon completion of relevant coursework towards an approved degree provided by accredited institutions.

Enrolled employees studying an approved degree program will be reimbursed eighty percent (80%) of tuition and books to a maximum of \$5,250 per calendar year when eligible coursework is successfully completed. The remaining 20% of tuition and books may be reimbursed upon achievement of a pre-approved degree. Awards are based on merits and availability of funds in the Learn to Earn™ educational assistance budget up to a maximum of \$20,000 lifetime benefit.

Additionally, Agility Federal provides reimbursement for an approved program of study leading to an approved, globally recognized industry certification like Project Management Professional (PMP), Lean Six Sigma Black Belt (LSSBB), or Certified Information Systems Security Professional (CISSP).

Employees studying for an approved, globally recognized industry certification will be reimbursed eighty percent (80%) of tuition and testing to a maximum of \$2,000 per calendar year upon receipt of approved testing results for the approved certification if the annual maximum reimbursement of \$5,250 has not already been reached. Awards are based on merits and availability of funds in the Learn to Earn™ educational assistance budget up to a maximum of \$20,000 lifetime benefit.
